# UNITED WE STAND

On September 11, 2001, the world changed forever. The horrific events of the World Trade Center and Pentagon bombings effected every American found on all ends of the earth. The students at Manhattanville were no different. The proximity of the disaster hit home for many students, who lost loved ones and friends, and felt for those rescue workers in New York City. The community of Manhattanville found strength in each other, and came together as a family. Sympathetic to each others needs, students, faculty, and staff alike comforted each other in this time of need. Students organized candle light vigils to remember those lost. The rescue efforts of the city were first on the mind of students for many made the treacherous ride to Ground Zero in Manhattan to selflessly give of themselves. Even after the immediate tragedy, the Manhattanville community did not forget each other and continued to comfort one another. As did America as a whole, Manhattanville grew stronger and more secure. It is for those who are lost, those who lost someone, and those heroes that gave themselves for our nation that we dedicate this book. God bless America.

# Orientation

In June and August the incoming freshman class began their Discovery of Manhattanville! This year's Orientation, themed "Discover..." gave them a chance to start their college career off by making new friends and learning their way around campus. After weeks of preparation by the upperclass Orientation Advisors, the two Phases were exciting and entertaining for all. From scavenger hunts to Pub Parties to Variety Shows, everyone had a good time. The Orientation Advisors made new friendships and strengthened old ones after two weeks of nonstop work and fun. Late nights, bbqs and trips to Hershey, Pennsylvania helped bring the group together and pull off a great Orientation.

## Parents Day

Parent's Day is an important day for the families of Manhattanville's students. It is a day to come and see their children thriving in the Manhattanville community. It is a chance for students who can't go home a lot to see their families, and for parents to let go of some of their worries.

# Halloween

From ghouls to fairies, unicorns to witches, all campus came out in full swing for this years Halloween party. Held in the castle, following 200 nights, everyone danced, ate, drank, and had a grand old time. Guess everyone forgot about trick or treating.

# Visions of... Fall Jam

On October 13th the campus came together for the much anticipated Fall Jam, a time to relax before midterm week takes over. All day and all night the Quad was filled with students out to have a good time and enjoy themselves. Bands rocked the stage all day and students listened to a variety of music that ranged from hip hop to punk to Dave Matthews. The festivities went on way into the night with a bonfire at 8:00 and bands playing all night long. Overall it was a much needed, stress free, fun day for all.

## *Visions of... Helping Others*

**M**anhattanville provides its students and staff with opportunities to help others thru its many clubs and organizations. From the Duchesne Center to Amnesty International there are always chances for students and staff to help improve our community and the global community. Students can help others in a variety of ways such as building new homes for families in foreign countries, feeding the homeless in New York City, or introducing neighborhood children to the theatrical arts. Whether here or abroad Manhattanville students are always ready and willing to answer the call of those in need and to improve our world for everyone.

One of Manhattanville's greatest assets is being close to New York City, as well as local bars and clubs. Nights and weekends our students migrate off campus to enjoy themselves. Mamaroneck Avenue and New Rochelle are two popular Westchester hangout spots. From Lazy Boy to Mc Faddens to Chevy's, Manhattanville sure knows how to party. But when you get tired of the local scene there is always Manhattan to really let loose in.

Rebecca,

As you graduate from Manhattanville,  
you are sure to receive volumes of advice on  
how to succeed. And although there are many  
formulas for success, there is only one that  
works. "Business before pleasure, neither  
before God." If you keep your priorities  
straight...so will be the road ahead of you.

# Dear Andrea Figueiredo,

Andrea, the day I met you was one of the best and luckiest days in my life. I have found the best friend in you with whom I can share my life, personal secrets and deepest desires. I am grateful to you for being with me in good as well as bad times. Trust me, without you, I would not have been able to pull through these years.

How could I ever have suspected that the person who would walk past me every day with an irresistible smile would end up telling me those three words that everyone in their lives yearns to hear. Thank you for everything you do to make my life a fairy tale. Thank you for all your support and encouragement.

Thank you for helping me to discover my true goals for life and share with me one of the greatest, incredible human feelings that many people can only dream about. Andrea, because of you I have finally figured the purpose of coming to Manahattanville. I only regret that I had not met a gem like you earlier in my life. Andrea, with all my heart I wish you all the best.

When you were a baby I held you in my arms and said,

**“Father, this beautiful little girl  
is your granddaughter.  
I think she will surpass  
both of us, and she already has.”**

Remember this Jennie, we will always be with you  
because we are a part of you.

Dear William:

You cannot direct the wind, but you adjust your sails to move forward. As you begin your life's journey of a thousand steps, remember it begins with a single step and obstacles are those frightfull things you see. Don't follow the path of others. Do not wish to be anything but who you are and try to be that, the best. Your late Grandmother was always proud of you as we are.

Love,

Mom, Dad, & Gino

### Justine L. Barboza

We will miss coming to Manhattanville with Emma and Nick for your soccer games, they both loved coming to the campus. We know you will treasure the memories of you four years at Manhattanville and especially your semester abroad in Oxford. During your time at Manhattanville and abroad, you made many good friends for life, and had the opportunity to work with excellent teachers. Congratulations. I take great pride in sharing your graduation day with you. You have worked harder than most to get where you are today. Never giving up. I am in awe of all your accomplishments. I have had the honor and pleasure of being your mother and confidant. You are my soul, my heart, and the reason for my being. The delight that you bring into my life each and every day is only measured by the love that we receive from God. You have grown into a magnificent, beautiful caring, devoted, unique and virtuous young woman. I can remember the first time you went off to school in a mini school bus. I followed that bus for two weeks. Afraid of letting you out of my sight, or the millions of times I would go to school, not to check on how you were doing, but to make sure the teachers were taking proper care of you. Well my love...you no longer need me to protect you. So the greatest gift I can give you is freedom. Freedom to make your own decisions, to grow into your own skin and become the kind of person you want to be, without wondering if others approve. Rejoice! For you possess the qualities that will enable you to reach your goals. Go find your own star, reach out, never looking back and fulfill all your dreams. I love you with all my heart and soul, you are truly the greatest gift that I will or have received from God. No matter which road you take, I will always be by your side. Thank you for letting me participate in your life. Loving you always, Mom.

Remember the first day that you stepped into a classroom, perhaps, you question how scared you were at the end of the day. You were happy to see that day come to an end. Well, a good part of your education has come to an end. K.C., you have done a great up to now. You only have a few more months at Manhattanville, you can look back at your accomplishments as an OA, RA, Vice President and President of the Student body with great pride. Having held these positions, it only shows the belief and faith people have in you. Your sense of responsibility, fairplay, generosity and dependability grew stronger with each position that you were given. As you go on to grad school, the pride that your family and friends have will only grow stronger. When is it over??? You still have grad school, job training, and seminars, it's never over if you want to get ahead. I know that the road you will travel will continue to enlarge its path. However, should you decide to give it all up, Clown College in Florida is always available, and the weather is great. This can be lots of fun. Just remember, don't tell your mother who gave you this idea. I want to live a few more years. God Bless, Trudie.

To my Goddaughter K.C. Congratulations!!!! Your hard work and dedication has paid off. You made it this far and it seems like yesterday that I can remember your christening. I was honored and privileged to share a few moments in time with you. I still treasure those days. During your first Holy Communion Day, you were dressed in white,...so beautiful, so innocent and so happy. You smiled all day, happy as could be. I remember praying "God Please; let her life and future dreams come true. Please keep her happy like this forever." That prayer is still the same today, as it was then, and always. I'm very proud of you. All my love and God Bless you always, your God mother, Gladys.

Good Luck K.C., Love Brian your God brother.

To K.C. you did it girl! Congratulations! I'm proud of you. Keep up the good work! don't ever stop. I hope you succeed in life and all your goals come true. Love always, Your God sister, Bonnie.

To K.C. Congratulations, Salutations and Damned good job!!! Now go and get the wonderful and magnificent toys that life has to offer. Just always make sure that you save as much or more than you spend. Take time to learn about investing now and in the future. Always oversee your accounts. You are now an adult, no longer under the protection of your mother's wings. No one else will care about what happens to your future and money. Never trust your future or money in another's hand but your own. Look what happened to Billy Joel, Dorris Day, Willie Nelson. Love, Don.

Dear K.C. We're all very proud of your academic accomplishments and want to congratulate you. We also want to wish you the very best in your future journey through life. Good Luck & God Bless. The Mendez, Illarza & Martinez families.

Mi Querida Nieta K.C. Congratulations! Te deseo suerte en todo lo que embarques hacer en el futuro. Dios te bendiga. Tu abuela Julia.

Its remarkable how fast time has gone by; its four years this month that I first started to tutor you in your favorite subject=math! You have grown into a dedicated student; articulate leader, and charming young lady. Congratulations for a job well done;but success is not a destination, but a journey. So, the task has actually just begun. Enjoy the journey, cherish it, and develop an even stonger passion while in Graduate school. All of these years of dedicated work will finally be rewarded in many ways All my best now and for the future - congratulations again. Love Frank.

May you choose the right path in life. You have been honest, confident as well as courageous throughout your life. You have grown into a beautiful young women inside, as well as outside. Always remember this! What we are is god's gift to us. What we become is our gift to god. We will always love you god Bless and protect you always. Love, Iris, Dan David and Danny

I have no doubt in my mind that whatever endeavors you choose to take in your career and in your life, you will be successful. You have all the attribute that I would have cherished had I bore a daughter. Go out there and use the precious gifts that God has chosen for you. You have been blessed with leadership skills, strong moral and ethical principles and a sharp and keen mind. Let no man put asunder what God has given you! From your wannabe mom who loves, respects, and admires you, I remain. Sonia Rodriguez.
